

Commentary to MGM Wireless Quarterly Cashflow Report

July 1, 2004 – September 30th, 2004

The company is pleased to report sales grew for the September 2004 quarter by 24% to \$167,000 from \$134,000 the previous quarter. This marks unbroken 20-30% quarter on quarter revenue growth since the Ezyimage/MGM Wireless merger and launch of MSGU for schools on October 1, 2003.

This was a particularly pleasing result, as the company underwent a re-alignment in its sales force that meant this positive result was achieved with fewer and less experienced sales people for most of the period.

The company continues to benefit from increasing interest and demand for its p MSGU for Schools solution, as reports show student attendance in schools is improving even further from previously reported levels.

Items effecting cashflow not reflected in the report include:

- Receivables of approximately \$180,000
- Payables of approximately \$40,000
